MEMORANDUM FOR: [REDACTED]

SUBJECT : Budget Analysis on Overt Intelligence Collection

1. Confirming our telephone conversation, attached is a revised draft of the "Budget Analysis on Overt Intelligence Collection." I have made every effort to reflect in the draft the various suggestions made by the IAC Agencies. There should be no question as now drafted except possibly the answer to Question 3. In this instance Air Force recommended the entire deletion. Major La Vigne, however, has assured me that he would be agreeable to a condensed version of the original answer. This at least has been partially accomplished by the elimination of some of the material from 3 a. Para. 3a is now in agreement with the G-2 suggestion. However, the draft does retain 3 b and 3 c which G-2 recommended be deleted. The G-2 recommendation in this respect does not appear to be sound and the material should be retained to be responsive to the Budget Bureau question.

2. It is suggested that the revised draft be resubmitted for concurrence with an appropriate transmittal letter indicating that every effort has been made to incorporate the various suggestions submitted. In the event that the revised draft is not satisfactory it will then be necessary to call another meeting of the working group.
